_____.

The process of a plant turning light into food is called _____.

_____ is the green pigment in plants that helps with photosynthesis.

Monday

Spelling Reading Math

At the zoo there are **3** elephants, **6** zebras, **2** lions, and **1** giraffe. There are animals in total.

What fraction of the animals are lions?

What fraction of the animals are zebras?

What fraction of the animals are elephants?

Tuesday

Vertebrates are living things that have a backbone and a skeleton inside their body.

Invertebrates are living things that do not have a backbone but have a hard outer exoskeleton.

Can you think of examples?

Vertebrates	Invertebrates

Wednesday

Spelling Reading Reflection

Be reflective. What is the most important part of a food chain. Why do you think this?

Spelling Sheet – Sunday 19th April 2015

Practice your spelling words every day. Follow the pattern – look, cover, write, check. If you get a word wrong try the pattern again. 😊

	Sunday	Monday	Tuesday	Wednesday	Thursday – Test 😊
